HRC COMPETITIVE EDGE

SPRING 2012

Begins January 3

Houston Racquet Club Competitive Edge

HRC Competitive Edge Program

This intense high level program is designed for state and nationally ranked players.

The program focuses on the athlete's on and off court needs from conditioning, shot selection, styles of play, and also the mental side of the game. The players will be involved in live ball drills, point play and match situations. They will continually be put in situations that prepare them for the challenges of the tournament trail. In addition, there will be a strong emphasis on training and conditioning. An athlete with a strong mind and body is a superbly trained athlete.

Competitive Edge offers private coaching, traveling with players to tournaments, and match play with other junior players as well as local pros. I invite you to become

part of
"The Competitive Edge"
